• No drain and no power needed!

- Dual cartridge system: the first cartridge is a particulate filter, the second cartridge filters out tastes and odors (there's an optional chloramine upgrade)
- Includes polyphosphate for scale control, protects your tankless water heater
- Wall-mounting bracket and hardware included
- System ships completely pre-assembled, saving installation time
- Dependable Water, Inc. warranty**
- UL approved for outdoor installation (must be above freezing)
- Utilizes siliphos polyphosphate

The **HOUSEPURE CLASSIC FILTRATION SYSTEM** consists of two large-capacity 1" NPT blue housings, allowing for greater cartridge capacities and higher flow rates. This system is equipped with a pressure relief button to relieve housing pressure during cartridge changes. All filter housings are manufactured of a durable polypropylene, have excellent chemical resistance and are ideal for many residential, commercial and industrial applications.

MAXIMUM DIMENSIONS: 15.25" X 8.5" X 26.5"

MAXIMUM PRESSURE: 75 psi

FLOW RATE: up to 20 gpm

CAPACITY: 100,000 gallons

INLET/OUTLET SIZE: 1" NPT

WARNING: For drinking water applications, do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.
CAUTION: Protect against freezing to prevent cracking of the filter and water leakage. *Outdoor installation must be above 40° - outdoor installation below freezing temperatures will void the warranty.
**1 year factory warranty + Water, Inc.'s extended limited lifetime warranty, the same as the HP-Secure warranty, see page 3.

Classic filtration system replacement filters, replace annually.

Includes polyphosphate for scale control, protects your tankless water heater.

Choose between the Classic or Classic Plus with chloramine reduction.

Each cartridge dual pack includes a particulate filter and a taste & odor filter.

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Dept. at 800.322.WATER(9283)
